DAVIES SUN & RAIN ODOURLESS ELASTOMERIC WATER-PROOFING PAINT SR-100 WHITE

DAVIES Sun & Rain is an ODOURLESS self-priming and water-proofing Low Sheen Elastomeric Paint. Unlike ordinary elastomeric paints, DAVIES Sun & Rain Odourless Elastomeric Paint utilizes 100% Acrylic Technology that gives excellent UV and water resistance resulting to a more durable and attractive paint finish. It covers hairline cracks due to its high elasticity, thus it is recommended for exterior and interior concrete walls. Choose among the 80 attractive and ready to use colors of DAVIES Sun & Rain! Special colors can also be formulated using our fully computerized tinting machines, in order to give an almost perfect color match. Give your wall a colorful, seamless and long lasting paint protection.

SPECIAL FEATURES

- 2X Weather Durability
- 2X Color fading resistance
- 2X Dirt pick-up resistance
- 2X Odourless Elastomeric Paint

RECOMMENDED USE

For exterior and interior concrete surfaces

PROPERTIES

Type	: 100% Acrylic
Finish	: Sheen
Color	: SR-100 White Also available in 80 ready mixed colors
Density, K/L @ 28°C,	: 1.24 ± 0.03 K/L
Solids by Volume (%)	: 32% (± 2%)
Gloss @ 85°	: 15 ~ 20
Gloss @ 60°	: 8 ~ 15
Dry Film Thickness (Approximately)	
Wet Film (WFT)	: 94 microns ~ 140 microns per coat
Dry Film (DFT)	: 30 microns ~ 45 microns per coat
Practical Coverage	: 20-25 m ² per 4L per coat depending on surface porosity
Drying Time	: Dries in 2 to 3 hours
Painting Interval	: 2-4 hours
Packing	: 16 liter and 4 liter

APPLICATION

Apply by brush, roller or spray

Mixing Direction	: Stir well before use
Reduction	: When necessary, reduce with ¼ liter of water per 4 liters of paint.
Thinning / Cleaning	: Water
